## TERRACOTA FEITO á Mão

Hand made Terracotta brings together all the hand made collections created by skilled craftsmen's hands using clays of different shades of colour, which undergo special firing processes to give each product its own beautiful original appearance and outstanding durability. Terracotta is a natural product that is breathable.

Handmade Terracotta reúne todas las colecciones elaboradas a mano, creadas por las manos de artesanos expertos con arcillas de varias tonalidades y sometidas a procesos de cocción especiales, para brindar a cada producto un aspecto estético original y una resistencia superior. La terracota es un producto natural y transpira.
