TERRACOTA ESMALTADA

The products in the Glazed line are made of a mixture of selected clays so they maintain all the durability of terracotta products, but feature high-quality enamel finishes and non-toxic colours. They are guaranteed to be long lasting and withstand the most extreme temperature conditions.

Los productos de la línea Glazed se realizan con una mezcla de arcillas seleccionadas y, por lo tanto, mantienen todas las características de resistencia que caracterizan los productos de terracota, y además se caracterizan por acabados de esmalte de alta calidad y colores atóxicos. Garantizan duración y resistencia en las peores condiciones de temperatura.

Os produtos da linha Glazed são realizados com uma mistura de argilas seleccionadas e, portanto, mantêm todas as características de resistência próprias dos produtos em terracota, mas são caracterizados por acabamentos em esmalte de alta qualidade e cores atóxicas. Garantem durabilidade e resistência nas piores condições de temperatura.

COMPLEMENTARY

Complementary groups together products that can be used with several collections, such as feet.

Complementary contiene los productos que pueden utilizarse con varias colecciones, como los pies.

Complementos agrupa aqueles produtos que podem ser utilizados com várias coleções como os pés.
